

# GAME TRAILER

## Roll-A-Ball™ Game Trailer:

Players roll their ball into one of the speed zones; activating their toy to move toward the finish line.

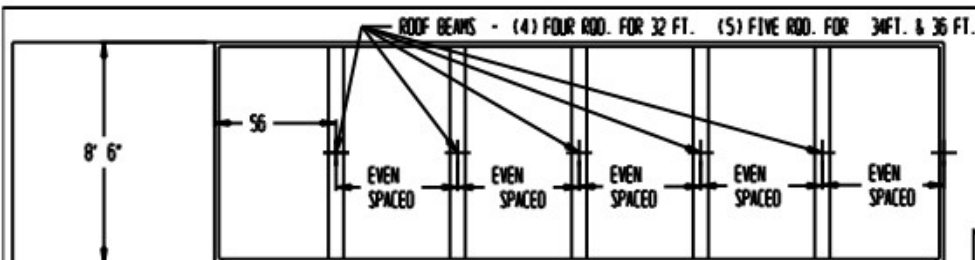

- Simple game for all ages.
- Roll-A-Ball™ is the most customizable and electronically advanced derby race games available.
- Flip down counters bring the action closer to the crowd.
- Simple to operate and easy to play.

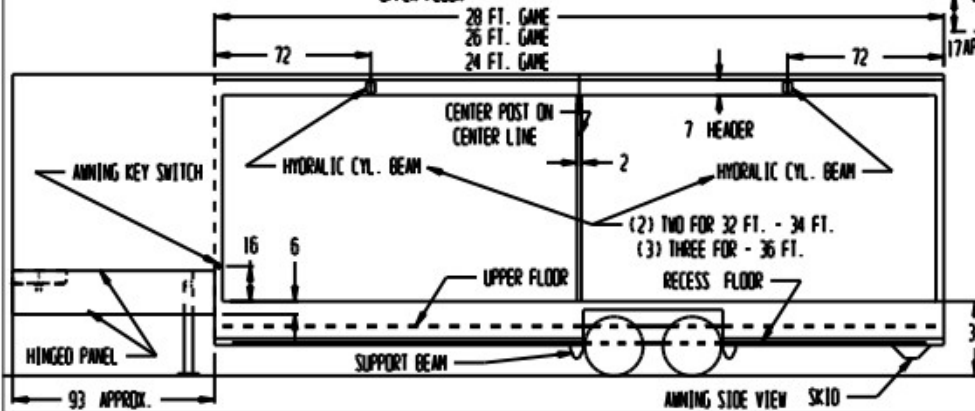

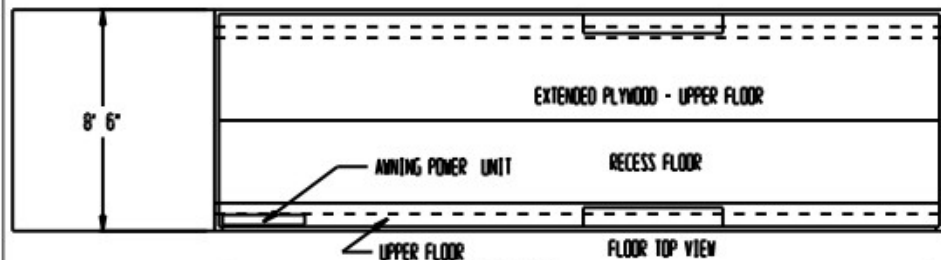

- Advanced electronics control toy movement to eliminate “dead-spots” associated with other drive systems.
- Dollar for dollar the most advanced, dependable, and profitable derby race anywhere in the world.

**BSR Trailer Model Games are fully customizable with complete choices of colors, themes, toys, and player positions.**
