Tools Needed:

- Ratchet and 1/4", 7/16", 1/2" and 9/16" Socket
- 1/4", 7/16", 1/2" and 9/16" Open end wrench
- Box cutter (for opening packaging)

Assembly Process:

1. Start by taking the parts off the pallet and group them together by type (example: side rails, basketball nets, ect.).
2. We will start by assembling the back frame first.
3. Install left, right, and center support bars into the bottom support bar as shown in Fig. 1.

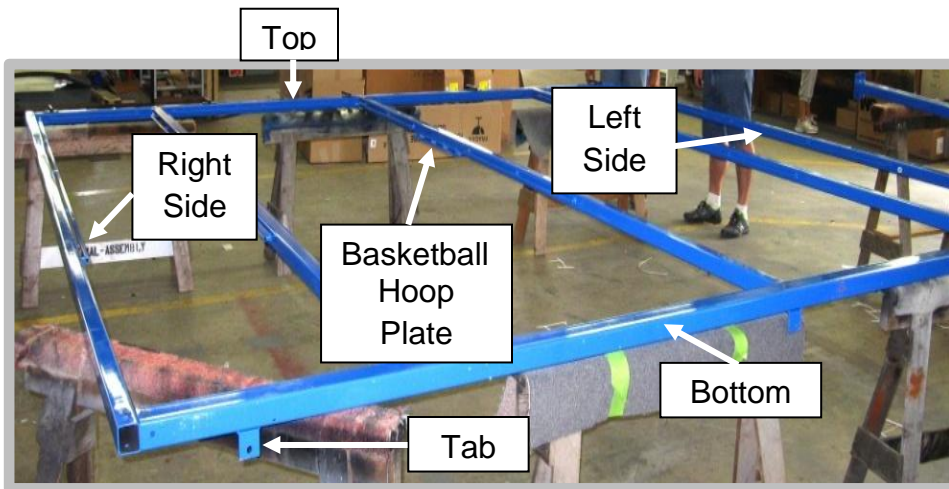

Fig. 1

1. Start by building the back frame assembly as shown in Fig. 1.

**Note:**  
*Tabs & Basketball Hoop Plates face down.*

## CALLING FOR SERVICE

1. When calling for service, please check the service manual first. Many times the answer to your problem has been addressed in this documentation.
2. Please make sure you have the serial number of the game ready when you call.
3. If this is a repeat call, please tell the service technician that you have made a previous call regarding this problem. This way we will be able to retrieve the history on your game allowing us to serve you better and save you time.
4. Please retain proof of purchase for your product. This might be requested for warranty repairs.
5. Please call from the game if possible since we might need you to check certain things on the game while we are on the telephone with you.
